

1.In add student,after adding it goes to parent page.

2.After marking attendance ..the page moves down from the heading.

3.Default absent in attendnce makes the student absent in that day

Eg:if leena miss Mark the attendnce of kaija(leena only teaches kaija)..and press submit

Others are marked absent by default

4.Pdf files are not uploaded

Database,uploading,view should be changed.

5.View attendnce is added to student index page.

6.Logout buttons in all pages that specify the correct route to go.
